

before. In addition, to offer the world a “new savior” whom they will eagerly accept, this event will occur at a time of great political anarchy and general tumult. Motion pictures artists who create computer images admit “if the viewer does not know the genesis and history of our scenes, they cannot tell them from reality”. Computer-generated scenes, so accurate, that the average person cannot tell from reality? Terminal holographic projections from satellites to make you believe you are seeing little gray people from Zeta Reticula, flying saucers and the returned Christ? Federal agencies are betting they can induce you to commit suicide or murder, to accept the New Age One World Government with just such images by the year 2000. ## Time and time again . . .

self-proclaimed prophets (Hal Lindsey, Jimmy Swaggart, Jerry Falwell, Jim Baker, Jack Van Impe) have used Bible statements to support their "findings" that Jesus will return on a certain day or a certain year. Some of these charlatans have persuaded their followers to sell their earthly goods, combine their financial resources, and head for the hills to await the Lord's return. Many Christians fell into the trap of date-setting after Israel became a nation in 1948. They based their conclusion on Matthew 24:32-34, which says that generation who sees "the fig tree" bud "will by no means pass away till all these things (the events prior to and including Christ's return) take place". Since Israel is pictured as a fig tree in the Old Testament, many believed that the Lord would return within the next generation (40 years). This would date the coming of Christ to earth sometime before 1988 and the rapture of the church late spring of 1981 - obviously not an accurate interpretation of the events.

In the 1980's many churches used Wayne W. Morin Jr. that were looking for the rapture, many famous prophets and many universities and congregations, colleges that were also going along with these Bible theory that turned out to be a Hoax! Many people took their loved ones off life support, took their college money, the money they were saving all their lives and sent it to these charlatans. I am willing to give \$1000.00 to anyone that can prove I was not used, or lying on these subjects. I will take a lie detector test or a voice stress machine test to prove I am not lying. I have done a week-in-review radio-talk show with Hal Lindsey 1-2-99 and told him the same thing. I also have sent Hal Lindsey my material (on the radio-talk show he said he would be looking forward to seeing it

but he has never returned my questions) I wonder why? Anytime they say anything about the post-tribulation its always mean and full of hate, and lies why Hal Lindsey in 1-2-99 radio-talk show even went as far to say that it is the persons with the post-tribulationist lifestyles that have persecuted the Jews for so long. Hal brought up his out of print book (ROAD TO THE HOLOCAUST). In the month of September of 1999 Media Bypass ran an article that Wayne W. Morin Jr. Submitted to the editor on page 50 (Bible Theorist Mistaken on Set Date).

**THE RAPTURE** Satellites will project an image of "God" Computer holographs will make the heavens explode with lies! From Serge Monast article. PROJECT BLUE BEAM:

Holographic imagery will be used in simulation of "the end time" during which you will be shown scenes which will cause collective thought to focus on fulfillment of that which is desired for you to protect to fit the needs of those adversary happenings. "The result of this deliberately staged FALSE CHRIST will be for the implementation of a New Age-One World Universal Religion. Enough truth will be foisted off on us to hook many into the lie. A "light show" will convince many families to walk into pastures or to climb mountains where they will be Vaporized by Neutron bombs or incinerated by Photon guns. The calculated resistance to the New Religion-The New World Order and the New "Messiah" -will be human loss on a massive scale in the ensuing "HOLY WARS." Project Blue Beam will pretend to be the universal fulfillment of the prophecies of old: as great as the birth and ministry of Jesus Christ 2000 years ago. In principle, it will make use of the sky as a movie screen as a space-based laser-

generating satellites project simultaneous terminal holographic images to the four corners of the planet, in every dialect according to the region. Computers already installed and working will coordinate the satellites and software to run the SHOW (Holography is based on very nearly identical signals combining to produce an image, of hologram, with great depth. Which is equally applicable to acoustic ELF, VLF, LF, waves) as a "real" optical phenomenal. Specifically, the show will consist of laser projections of multiple holographic images to different parts of the world, each receiving different images according to predominating regional / national religious faith. Not a single area will be excluded. With computer animation and sound effects appearing to come from the depths of space, astonished followers of various creeds will witness their own returned Messiah in spectacularly convincing lifelike progressions. Then, the projections of the Christ, Mohammed, Buddha, est., will merge into one, after correct explanation of the mysteries, prophecies, revelations have been disclosed. THIS ONE GOD WILL IN FACT BE THE ANTICHRIST, who will explain that the various scriptures have been misunderstood; that the religions of old are responsible for turning brother against brother, and nation against nation; therefore the world's religions must be abolished to make way for the Golden Age (New Age) of the ONE WORLD RELIGION, represented by the one god (Antichrist in this instance) they see before them. Naturally, this superbly staged full-scale deception will result in social and religious disorder on a grand scale, including rampant millions of programmed religious fanatics and cases of "demonic possession" on a scale never seen
